Eureka! Chip has Some Savings Ideas!

Chip is saving up for a new bicycle that costs \$100. If Chip has \$50 saved, and earns \$10 a week from his parents, how long will it be before he can buy his bicycle?

Answer: 5 weeks

Now it's your turn: if there is something you want to buy that you need to save for, ask your parents or guardian how to get started. Don't spend your savings early and before you know it you'll have enough to buy what you were saving for!

Q: Where do snowmen save their money?

Answer: In a snowbank!

Share your thoughts, ideas or questions with Chip but be sure to get your parents' or guardians' permission first. You can send Chip a letter to PO Box 250169, plano, TX 75025 or an email at chip@itcu.org! Chip looks forward to hearing from you!
