News just
for YOU!

Enjoy Outer Space Fun with Chip!

If you look up in the sky at night this summer, you might see a meteor shower! The Delta Aquariid Meteor Shower, and the Perseid Meteor Shower, will both be zooming across the sky starting in July and August! Watch the sky at night and count how many meteors you see streaking across the sky!

Chip's Challenge
Chip is on an out of this world vacation to space to take pictures of Earth. If Chip is on vacation for 10 days, and takes 200 pictures, how many pictures did Chip take on average each day?

A. 20 pictures each day.

Share your thoughts, ideas or questions with Chip but be sure to get your parents' or guardians' permission first. You can send Chip a letter to PO Box 250169, plano, TX 75025 or an email at chip@itcu.org! Chip looks forward to hearing from you!

Federally insured by NCUA.
