

REPORT OF THE CHAIRMAN

In 2024, the Credit Union celebrated its 50th anniversary, marking five decades of trust, financial stability, and community support. Celebrations in Texas, Nevada, and Michigan highlighted our history and successes. This milestone reaffirmed our position as a key community pillar, committed to providing quality financial services, supporting local causes, and building strong member relationships.

The annual Member Survey showed record-high satisfaction scores, the best in twenty years. We continue to strive and exceed your service experience expectations.

The Board of Directors, leadership team, and staff thank you for choosing ITCU and giving us the privilege to serve you. We will continue to remain dedicated to your financial well-being.

Sincerely,

Jancy Pressel
Nancy Pressel

Chairman, Board of Directors

REPORT OF THE AUDIT COMMITTEE

As part of the Audit Committee's role to assist the Board of Directors in fulfilling its fiduciary responsibilities, in 2024 the Audit Committee continued to oversee the Credit Union's financial reporting, internal controls, legal and regulatory compliance, business continuity preparedness and cybersecurity.

At the Audit Committee's direction, audit firms, including Doeren Mayhew, Cornerstone Resources, Waypoint Advisory Services, Harold Antao & Company and TraceSecurity, performed several audits and tests on critical operational areas and functions to assess operational safety and soundness.

Doeren Mayhew, a certified public accounting firm, conducted the required comprehensive annual financial audit. The Audit Committee noted no material internal control weaknesses related to the financial reporting process. The Audit Committee believes the Credit Union's financial statements are reported accurately and fairly. A complimentary copy of the audited financial statements may be obtained at any branch, by contacting the Credit Union's Contact Center at (800) 337-3328, or by submitting an email request to reports@itcu.org.

Cybersecurity threats continued to impact multiple industries in 2024; in response, the Credit Union increased cybersecurity testing and training as part of its commitment to provide members with a safe and secure digital service experience. Social engineering tests, penetration testing, and technology protocol audits were conducted by TraceSecurity to validate the Credit Union adheres to technology standards designed to protect member data.

In addition, the Risk Management department conducted controls reviews and risk assessments as measures to monitor regulatory compliance. Risk Management also performed on-going tests of the Credit Union's business continuity preparedness to ensure readiness in the event of a disruption to key member services, such as a branch closure due to inclement weather.

The Audit Committee is pleased to confirm the internal audits, risk assessments, internal controls and testing conducted in 2024 confirmed the Credit Union functions in an operationally secure manner.

Respectfully,

Theresa M. Tschirky Chairman, Audit Committee

REPORT OF THE PRESIDENT

InTouch Credit Union individual accomplishments aside, 2024 will be remembered as a challenging year. The inflation we all experienced hurt paychecks, wallets, secondary incomes, and everyone's purchasing power. Plus, the year's environmental disasters combined with some dramatic price increases in insurance, grocery, and housing costs reintroduced "financial stresses" similar to those felt during the pandemic. As a result, many concluded that "economic normalcy" would not return anytime soon and adjusted their approach to banking, shopping, and spending. ITCU did the same.

During the year, we launched new technology tools to combat fraud, identify theft, and website imposters (with dozens of successful takedowns). In April, we launched a new mobile banking application and online banking system to make it easier to do business with us while protecting your information. Offerings in June included new text, chat, and video features for more secure communications. We introduced "Goalsetter" in September, the most adaptive and advanced financial education platform available in the market with an introductory quiz titled, "Are you financially smarter than a 12th grader?" that proved to be an invaluable learning experience for members of all ages. In December, we upgraded our online lending and account opening platforms, substantially reducing application completion time, funding options, and complexity. Lastly, ITCU's multi-year "You and Us, Fighting Hunger Together" initiative topped over 1 million meals provided.

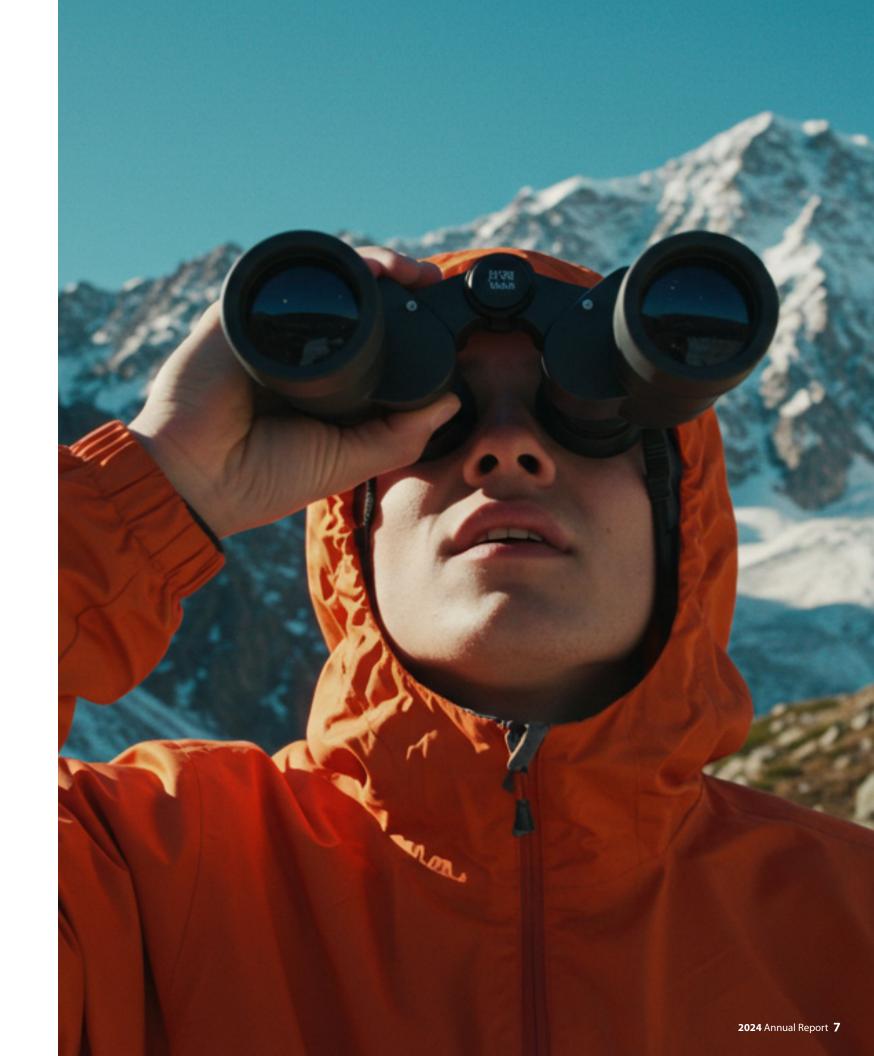

Despite the financial challenges experienced during the year, we remain committed to delivering service excellence in a manner that best serves the interests of the entire membership. Therefore, on behalf of all ITCU employees and the Board of Directors, thank you for your loyalty, trust, and commitment to InTouch Credit Union. We will never take your business for granted and remain dedicated to helping you achieve your financial goals and objectives.

Sincerely,

Kent L. Lugrand

President & Chief Executive Officer

Kent h. Lugrand

SENIOR MANAGEMENT DEPARTURES IN 2024

We're on a Mission... and Together We're Making a Difference!

In January 2022, we launched "You and Us, Fighting Hunger Together," a significant initiative aimed at combating food insecurity within our communities. This initiative represents a partnership between the Credit Union (ITCU), its employees, and our valued members, working collaboratively to tackle hunger in the areas where we live and work.

This effort is uniquely funded by the contributions from our members who choose ITCU for their lending needs and who utilize ITCU credit and debit cards for their purchases. A designated portion of the proceeds from anticipated loan interest and the income from card transactions is allocated to support local food banks. This collaborative approach allows both the members and the Credit Union to effect meaningful change in the lives of those around us, reminding us that those we help could easily be any one of us under different circumstances.

As of now, the choice of our members to rely on ITCU for their loan and card requirements has facilitated the donation of \$356,250 to local food banks. We are deeply grateful for our members' ongoing support; however, our journey is far from over. With an initial donation target of \$1 million, there is still a considerable distance to cover. The employees of ITCU are fully dedicated to reaching this goal and are committed to ensuring that InTouch Credit Union remains the preferred choice for our members seeking loans, credit cards, or checking accounts accessible with a debit card.
